

Conclusions from the National Gap Analysis

Prime Minister's Office, Hungary

6. October 2021

Madrid

Conclusions

- Hungarian data servicing rules is one of the most strict in Europe
- No anonymus search
- Name query just for special user groups
- Searching by parcel number, or with full datas of adress
- Data servicing only with property sheet form

Implementation the connection

- The professional intention: connect the LRI
- High priority: The renewing the IT system of hungarian land register (eING)
- System starting: 01. February 2023
- Reality: LRI implementation from the second part 2023

Funded by
the Justice Programme
of the European Union
